Paragraphs: ; Founded in 2012, the R Street Institute is the leading think tank engaged in policy research in support of free markets and limited, effective government. We work to bolster American innovation, increase consumer choice and protect individual liberty and believe in smaller, smarter government.; We are a think tank for the modern age. We focus on deep scholarship and pragmatic policy solutions that many groups tend to neglect. Our goal is to publish timely, relevant research and analysis that advances a market-oriented society and limited, effective government. To that end, our motto is: "Free Markets. Real Solutions."; Politically, we align with the center-right. Our work has real impact, even if it does not make headlines. We do this through building broad coalitions with Republicans, Democrats, conservatives, liberals and everyone in between. This makes us uniquely capable of earning cross-partisan consensus and helping win victories at all levels of government.; We favor transparent and equitable regulation and systems that rely on price signals rather than central planning. We also recognize that public goods, natural monopolies and externalities are real concerns that governments must address. Further, we understand that life in a democratic society sometimes means reaching compromises that don't necessarily represent first, best solutions.; We combine our deep expertise with a light-hearted approach. We tackle some of the most serious issues facing the country, but never forget to embrace the human side of work. The capacity to take a joke and poke fun at ourselves makes us more relatable, more approachable and more human. We don't aim to simply debate ideas, but to work with real people to find solutions to difficult problems while keeping a sense of humor about our work.; The R Street Institute is a nonprofit, nonpartisan, public policy research organization focused on pro-market and limited-government public policy. We draw inspiration from such thinkers as Milton Friedman, Friedrich Hayek, Ronald H. Coase, James M. Buchanan and Arthur C. Pigou.; Meet our team.; The R Street Institute stands for free markets, limited, effective government and pragmatic solutions to difficult problems. We envision;; The following values are the principles that guide how R Street fulfills its mission and operates. Our organization believes in these values and we live them;; Always be better; We want to achieve preeminence in every area where we work. We encourage a bias for action, innovation, creativity and courage in everything that we do. We measure ourselves by the quality, credibility and impact we achieve as a result.; Different is good.; We believe that great minds think differently and building broad coalitions has made us who we are. Making progress on policy requires that we operate outside of the echo chamber and take non-traditional approaches to policy making. We apply this same principle to the way we operate and how we build our teams:

with a focus on diversity and inclusion. We are all unique but belong to the same team.; Serious(ly); We're serious about our work, but don't take ourselves too seriously. We believe in the intellectual rigor, free inquiry and honesty, that is required to achieve our mission, but having fun doing it is equally as important.; One Team; We all work together and work with humility. We strive to cultivate trust and transparency at all levels, between ourselves as individuals and as an organization, with our stakeholders, and in our work. We demonstrate respect and openness in our actions at all times. We are all unique but belong to the same team.; ; R Street was founded on June 1, 2012 by former employees of the Heartland Institute.; The staff, fellows and outside directors (all of whom are volunteer) of R Street are committed to fulfilling our mission of promoting limited, effective government and free markets through the principles of sound governance and transparency.; If you're interested in R Street's mission and want to support us, you can contact the Director of Business Development Ginny Mansour at . R Street is a Section 501(c)3 nonprofit and your gift may qualify as a charitable deduction for federal income-tax purposes. You may also click here to contribute directly through PayPal.; To review our most recent audited financial statements and organizational structure, please visit our GuideStar profile, or view our IRS Form 990 filings from 2022, 2021, 2020, 2019, 2018, 2017, 2016, 2015, 2014, 2013 and 2012. To maintain its independence, R Street accepts no government funding. (Read R Street's statement on the 2020 Paycheck Protection Program here.); NOTE FOR FLORIDA RESIDENTS: A COPY OF THE OFFICIAL REGISTRATION AND FINANCIAL INFORMATION MAY BE OBTAINED FROM THE DIVISION OF CONSUMER SERVICES BY CALLING TOLL-FREE WITHIN THE STATE.
