(Photo by GlitterGuts); At Illinois Humanities we respectfully acknowledge that the land on which our main office is located is made up of the territories and lands of the people of Potawatomi, Ojibwe, and Odawa Nations as well as many other tribes who have called this land home including Miami, Ho-Chunk, and Menominee Nations. These Nations were forcefully removed from their traditional territories, however, these lands continue to carry the stories, resilience, and tenacity of these Nations. Despite the federal and local government-enforced policies of genocide of American Indians, Chicago is home to the third-largest urban Indian population representing more than 100 different Tribal Nations.; We also recognize that land acknowledgment statements are most meaningful when coupled with a commitment to programs and actions that support Indigenous rights and cultural equity. We acknowledge that Illinois Humanities is just starting this journey and that we have more work to do, but we are committed to supporting and building sustained relationships with Indigenous organizations throughout Illinois and encourage you to support these organizations and efforts as well. In the Chicago area, these organizations include The American Indian Center, Trickster Cultural Center, American Indian Health Services, and the Center for Native Futures.; Suite 650, 125 South Clark St.\_x000D\_

**Summaries of Links:** Based solely on the provided information, it can be inferred that this organization is likely involved in promoting and supporting humanities-related activities, programs, and initiatives in Illinois. The presence of links to join their email list, donate, and learn about ways to give suggests that they rely on public support and donations to fund their operations. The organization appears to offer various grants and funding opportunities for individuals and organizations working in the humanities field. They also seem to host events, workshops, and programs aimed at engaging the public and promoting cultural awareness. The inclusion of links to social media platforms, email addresses, and external websites indicates that they actively engage with their community and provide multiple channels for communication and interaction. The mention of partnerships with reputable organizations like the National Endowment for the Humanities (NEH) and the Illinois Arts Council further suggests their involvement in collaborative efforts to support the humanities in the state."""
