**Summaries of Links:** Based solely on the provided links, it appears that this organization is focused on leadership development and vitality. They offer a "Leadership Vitality Checkup" and a "Brain Jewels" program, which suggest that they aim to help individuals and organizations improve their leadership skills and overall well-being. The organization also has a founder, Lisa R. Houser, who is likely a key figure in shaping its mission and values. The use of the terms "being" and "living" in the organization's name and website suggests a holistic approach to leadership and personal growth. However, without further context or information, it is difficult to determine the specific services or programs offered by this organization or its overall impact and reputation."""
