Twitter description: One day, all children in this nation will have the opportunity to attain an excellent education.

Description of the organization from a third party source: "Teach For America finds outstanding leaders who commit to expanding educational opportunity, beginning with at least two years teaching in an under-resourced public school. Working shoulder-to-shoulder with students, educators, and community members, corps members go beyond traditional expectations to support the academic and personal growth of their students. The impact corps members have in the classroom fuels a lifelong commitment to their students and shapes the trajectory of their lives and careers. In the capital of California, corps members, alumni, and community leaders are uniquely positioned to help create statewide policy change in education."
