â%o endorsement

Description of the organization from a third party source: "Social service agencies are a crucial part of the safety-net for families struggling to gain or maintain economic stability. Yet all too often, these agencies are not equipped to address relationship and family issues as part of their routine service offerings. The National Resource Center for Healthy Marriage and Families (Resource Center) helps agencies develop the capacity to promote healthy relationship skills in a way that meets both their needs and those of the families they serve."
