Twitter description: Seek The Peace (SEEK): we build peace in war-torn & refugee communities.

Description of the organization from a third party source: "Seek The Peace, Inc. (SEEK) was founded in October of 2008, originally under the name Free City International, by Jason and Tess Clarke. The Organization was created to meet the needs of refugees being resettled to the Dallas, TX area. SEEK began its organizational focus in the area of family mentorship, case management, English as a Second Language (ESL), and life skills. From 2008 until 2013 the mission of SEEK was to warmly welcome and strategically integrate refugees into Dallas, TX. In 2014 SEEK shifted its mission and programmatic focus. With the formation of a deeper mission SEEK began to focus in the thematic areas of Conflict Transformation, Capacity Building, and Advocacy. These guiding themes directed our programmatic focus in the areas of girls and women's empowerment, education for children and youth, trauma healing, and developing leaders for peace. Our advocacy includes a focus on refugee and peace and security policy at the local, state, national and UN levels."

Paragraphs: We are a community of peacemakers and advocates seeking the safety, peace, and flourishing of refugees and immigrants.; The U.S. is resettling less than half of the usual number of refugees - at a time there are more refugees than any other time in history.; The U.S. Justice Department has issued a "Zero Tolerance" policy at the U.S. / Mexico border. This means that anyone crossing the border with out proper authorization will be prosecuted to the full extent of the law. This policy has resulted in the separation of children from their parents which is a deeply traumatizing and horrific experience.; We believe that no person should have to become a refugee or seek asylum. But for those who do, it is our passion to help them live safely, use their voice, and rebuild their lives.

Summaries of Links: Based solely on the information provided, it is difficult to determine the exact nature and purpose of this organization. The website address "<https://seekingpeace.org/>" suggests that it may be an organization dedicated to promoting peace and understanding. The presence of links to pages such as "<https://seekingpeace.org/advocate/>" and "<https://seekingpeace.org/gather/>" indicates that the organization may engage in advocacy and community-building activities. However, the inclusion of links to pages such as "<https://seekingpeace.org/donate/>" and "<https://seekingpeace.org/join-our-team/>" suggests that it may also rely on donations and volunteers to support its operations. The presence of links to external resources such as "<https://seekingpeace.b-cdn.net/24-hour-chemist-near-me.html>" and "<https://seekingpeace.b-cdn.net/pharmacy-near-me.html>" is puzzling and seems unrelated to the organization's apparent focus on peace and advocacy. Without further context or information, it is challenging to draw any definitive conclusions about the organization's mission, activities, or goals. ""
