Twitter description: Working in 25 countries in Education, Business, Healthcare and more on how Listening Builds Connection

Description of the organization from a third party source: "The International Listening Association (ILA) was formed in 1979. Since then, we have grown into an international community working in more than 19 countries. We promote the study of listening, exchange information, and pursue research into the ways in which listening can develop understanding in our personal, political, social and working lives. The International Listening Association serves as a dialogue space, a resource network, a news source and a worldwide community. "

Summaries of Links: From the provided information, it can be inferred that this organization is likely related to listening and communication. This is evident from the presence of terms such as "listening," "ILA," "convention," "students," "practicum," "awards," "publications," "research," "resources," and "mentoring." The organization seems to have a focus on education and professional development in the field of listening, as indicated by the mention of "university," "student practicum," and "online events." Additionally, the organization appears to have a strong online presence with links to social media platforms such as Facebook, Twitter, LinkedIn, and Instagram. However, without further context or additional information, it is difficult to determine the specific purpose, scope, or target audience of this organization."""
