Paragraphs: DEPLOY/US; Accelerating bipartisan climate leadership; Decarbonization is a long-term project, requiring policy approaches and political support resilient to political and economic swings. Between 2020 and 2050, America will be governed by fifteen Congresses and at least four Presidents. Any strategy predicated on sustained periods of one-party rule is extremely unlikely to succeed; any strategy based on ratcheting climate policy gains via partisan pathways is too slow. Only bipartisan collaboration will deliver sustained, ambitious US-led decarbonization.; DEPLOY/US is a convener, funder, and accelerator of climate leadership across the political spectrum. We are the only organization in the country focused on building the capacities, amplifying the voices, and scaling the impact of the entire ecosystem of civic enterprises working right-of-center on climate change, as a crucial foundation for bipartisan policy. As a funding intermediary, we partner with philanthropic, business, military, faith, youth, policy, and grassroots nonprofits and leaders. DEPLOY/US is a strictly nonpartisan 501(c)3 nonprofit.; ; All content copyright (C) DEPLOY/US, Inc., 2024.
