Paragraphs: ; The USC Dornsife College of Letters, Arts and Sciences is the academic core of the University of Southern California. Our community works across disparate fields of study to explore fundamental questions about who we are, how the world works, and what we can do on the ground to improve and enrich society.; Our faculty push the boundaries of knowledge and innovation, heading up the charge of inquiry and discovery. Beyond the classrooms and labs, they work hand-in-hand with outside leaders in the public square. Not only world-leading experts in their fields, they are problem solvers who want to have an impact beyond the ivory tower.; We attract some of the most talented students in the world, providing them a distinctive 21st century liberal arts education infused with our West Coast, entrepreneurial spirit. They are explorers who prepare to engage both broadly and deeply - preparing to thrive as leaders who can adapt, evolve, and navigate complexity. Naturally ambitious, they get their hands dirty from day one, directly applying the concepts and tools they've acquired through our immersive educational opportunities in dynamic Los Angeles and the wider world.; Academic Departments; Faculty_x000D_

Summaries of Links: Based on the provided information, it is evident that this organization is a part of the University of Southern California (USC). The organization's name is not explicitly mentioned, but it seems to be a college or school within USC, possibly the Dornsife College of Letters, Arts and Sciences. The links provided cover a wide range of topics, including academic programs, faculty and staff information, research centers, and student life. This suggests that the organization is involved in various aspects of higher education, such as teaching, research, and student support. Additionally, the presence of links to social media accounts and contact information indicates that the organization values communication and engagement with its community."""
