Description of the organization from a third party source: "FixUS is a group of Americans united in shared concern over the divided state of our country, and believe that healing our divisions is our highest national priority and essential to preparing our nation to face the defining challenges of the 21st century. We are a community for the politically homeless, who recognize that sustainable public policy solutions will remain elusive until the nation comes together to address the underlying root causes of hyper-partisanship and public distrust. We seek to better understand the political, economic and cultural root causes of our nation's growing divisions, to work with others to bring attention to these issues and the need to fix them, and to build support for necessary changes."
