Paragraphs: Even local governments with detailed blueprints for slashing_x000D_ greenhouse emissions often lack the dedicated resources needed to_x000D_

realize ambitious climate pledges; Stay up to date on the latest ideas, publications and resources.; View All Subject_x000D_

Areas; Get inspired and motivated by other's successes.; ILG's Sustainability pillar works to support local governments on_x000D_

reducing GHG emissions and increasing resilience._x000D_

In Western City, ILG interviews the cities of Monterey, Sonoma, and Arcata to highlight their work to reduce GHG emissions and meet the state's requirement for carbon neutrality by 2045. These small cities share best practices for developing partnerships, seeking out creative solutions, and addressing economic development through sustainability work.; ILG's Workforce and Civic Education pillar focuses on supporting local governments in their public sector career pathway development. In 2022, ILG launched the Summer Jobs and Ambassadors in Motion (Summer JAM) program that combined local government civics education curriculum with public sector career pathways exploration. Students participated in the program via in-person and virtual sessions where they learned different forms and functions of local government, how to be civically engaged in their communities, and how to pursue a public sector career.; ILG's Leadership & Governance pillar promotes good governance practices for all public agencies. ILG offers customized virtual and in-person workshops for local government jurisdictions statewide. These sessions include intensive training for government bodies looking to expand their leadership skills. The offerings are specifically tailored for local county boards of supervisors, city councils and agencies as well as their staff and cover a wide range of topics including the following.;

Together we make change. Start sharing ideas and get to know those around you who share your passion for a better world.
